Dear Coop Member,

McLeod Cooperative Power Association’s **Operation Round Up (ORU)** Program is an “opt-out” program. This means that members must inform us that they would like to opt-out of our ORU program. Otherwise, they will be automatically enrolled into the program. The information below explains the program as well as provides instructions for opting out of the program if you decide to do so.

The ORU program operates under a local board of trustees. Funds are distributed once a year utilizing an application process with donations made to local organizations throughout our service territory. Local groups receiving past donations include fire departments, ambulance services, food shelves, school programs, animal shelters, preschools, and veteran organizations.

ORU participants have their monthly bills rounded up to the next dollar. For example, say your monthly bill total is \$96.76. Your bill would be rounded up to \$97.00 with the extra 24 cents contributed to ORU. **If electing to participate, no action is needed as bills will begin to be rounded on your first billing statement.**

**If you would prefer not to participate, please complete the form below.**

**McLeod Co-op Power – Operation Round Up Opt-Out Form**

Name: \_\_\_\_\_ Phone Number: \_\_\_\_\_

Address: \_\_\_\_\_ Account# \_\_\_\_\_

Signature: \_\_\_\_\_

**\*By signing this form, I have made the decision to opt-out of the MCPA Operation Round Up Program.**
